Of Maharashtra and Govt. Of India.

OR

The bidder should have experience in operating two Mobile Medical Units in last 3 years. Users’ certificate regarding satisfactory performance of MMUs should also be submitted to ensure the operations to provide primary and selective secondary healthcare.

9. The affiliated hospital should have valid registration under Bombay Nursing Home Registration Act. 1949. Valid MOU with affiliated hospital needs to be furnished.
SECTION-VI

TERMS AND CONDITIONS

1. Signing of Agreement

The State Health Society, Mumbai shall issue the Notice for Award of Agreement to the successful bidder within the bid validity period. And the successful bidder will be required to sign the Service level agreement with the State Health Society, Mumbai or its nominee within 15 days of receipt of such communication.

2. A model copy of service agreement is at the “Annexure-III”

3. Modification to agreement:

The agreement when executed by the parties shall constitute the entire agreement between the parties in connection with the jobs / services and shall be binding upon the parties. Modification, if any, to the agreement shall be in writing and with the consent of the parties.

The agreement shall be valid for a period of 3 years from the date of signing of the same. In case the service provider fails to adhere to the rules, regulations or any of the terms and condition of the agreement or in case the service provided is considered to be unsatisfactory by the SHS Mumbai, the service provider will be asked to provide his response in writing within 15 working days to specific case of violations and unsatisfactory services. The State Health Society, Mumbai would be free to cancel the agreement after considering the response of the service provider and recording the reasons for its decision.

4. National Health Mission reserves the right to allot Mobile Medical Unit Services to more than one bidder.

5. During the operational of MMU if the bidder fails to deliver or provide MMU services properly then State Health Society has the rights to appoint any other agencies on condition to be stipulated by State Health Society.

6. With mutual understanding service provider should give three month prior notice for stoppage of the MMU services if desires so.

7. Performance Security

a) The successful bidder shall furnish a performance security in the shape of a Bank Guarantee issued by a Nationalized Bank in favour of Tender Inviting Authority for an amount equal to 5% of the total agreement value. The Bank guarantee shall be as per proforma at Appendix ‘E’ and remain valid for a period, which is three months beyond the date of expiry of the agreement. This shall be submitted within 15 days (minimum) of receiving of Notice for Award of Agreement and before signing of the agreement failing which the EMD may be forfeited.
b) If the agreement is cancelled at any time during the validity period of the agreement without permission then the Performance Security shall be forfeited. In addition any due payment will be forfeited.

c) The State Health Society, Mumbai will release the Performance Security without any interest to the firm / contractor on successful completion of contractual obligations.

d) The total cost of tender would be the basis to calculate non operative cost per MMU per day. For all days when a certain number of MMU has not been functional, cost deducted would be:

\[
\text{(Cost per MMU per day)} \times \text{(Total Number of MMU non operative)} \times \text{(Number of days Non operative)}
\]

8. Compliance of Minimum Wages Act and other statutory requirements

The Service provider shall comply with all the provisions of Minimum Wages Act and other applicable labor laws. The Service provider shall also comply with all other statutory provision including but not limited to provisions regarding medical education and eligibility criteria of human resources used by the Service provider for providing the services, biomedical waste management, and biosafety, occupational and environmental safety.

The overall legal responsibility of provision of medical care lies with the Authority/public health facility.

The Service provider shall maintain confidentiality of medical records and shall make adequate arrangement for cyber security.

9. Income Tax Deduction at Source

Income tax deduction at source shall be made at the prescribed rates from the Service provider’s bills. The deducted amount will be reflected in the requisite Form, which will be issued at the end of the financial year.

10. Periodicity of Payment

The service provider will raise its invoice on completion of service duly accompanied by evidences of service provided on monthly basis. National Health Mission will do the payment during total 60 days period from the date of submission of bill subject to availability of funds. It is obligatory on service provider to do the payment of staff and continue all activities during this two months period. The payment will be subject to TDS as per Income Tax Rules and other statutory deductions as per applicable laws.

11. Damages for Mishap/Injury

The State Health Society, Mumbai shall not be responsible for damages of any kind or for any mishap/injury/accident caused to any personnel/property of the Service provider while performing duty in the State Health Society, Mumbai/ consignee’s premises. All liabilities, legal or monetary, arising in that eventuality shall be borne by firm/ contractor.
12. Termination of Agreement:
The State Health Society, Mumbai may terminate the agreement, if the successful Bidder withdraws its Bid after its acceptance or fails to submit the required Performance Securities for the initial agreement and or fails to fulfill any other contractual obligations. The earnest money and the performance security deposited by the defaulter shall also be recovered to pay the balance amount of extra expenditure incurred by the State Health Society, Mumbai.

After completion of the tenure of Bid, the Service provider will be allowed to vacate the space within a period of 15 days, in all the facilities where provider was providing the services.

The Commissioner Health Service & MD NHM, (NHM Procurement Cell), Mumbai may, without prejudice to any other remedy for breach of contract, by written notice of default sent to the service provider, terminate the contract in whole or part:

• If the service provider fails to deliver any or all of the services within the period specified in the contract.

• If the service provider, in the judgment of the State Health Society has engaged in corrupt or fraudulent practices in competing for or in executing the contract. The period of contract will be three year from the date of work order. Purchaser will review service provider services every one year. If the service provider does not provide services satisfactorily as per the requirements of the Purchaser or / and as per the Schedule of requirements, this Contract may be terminated.

13. Arbitration
a) If dispute or difference of any kind shall arise between the State Health Society, Mumbai and the firm/contractor in connection with or relating to the agreement, the parties shall make every effort to resolve the same amicably by mutual consultations.

b) If the parties fail to resolve their dispute or difference by such mutual consultations within thirty days of commencement of consultations, then either the State Health Society, Mumbai or the firm/contractor may give notice to the other party of its intention to commence arbitration, as hereinafter provided. The applicable arbitration procedure will be as per the Arbitration and Conciliation Act, 1996 of India. In that event, the dispute or difference shall be referred to the sole arbitration of an officer to be appointed by the < The Commissioner, Health Service & MD NHM, (NHM Procurement Cell), Mumbai > as the arbitrator. If the arbitrator to whom the matter is initially referred is transferred or vacates his office or is unable to act for any reason, he / she shall be replaced by another person appointed by < The Commissioner, Health Service & MD NHM, (NHM Procurement Cell), Mumbai > to act as Arbitrator.

c) Work under the agreement shall, not withstanding the existence of any such dispute or difference, continue during arbitration proceedings and no payment due or payable by the State Health Society, Mumbai or the firm / contractor shall be withheld on account of such proceedings unless such payments are the direct subject of the arbitration.

d) Reference to arbitration shall be a condition precedent to any other action at law.
14. General Terms and Conditions:

a. The Service provider shall commence the proposed services within the 60 days of signing the agreement.
b. The Authority shall finalize the Standard Operating Procedures (SOPs) for each of the services to be followed by the Service provider.
c. All payments should be made within 60 days of submission of necessary bills/invoices.
d. Patient Feedback/Suggestions/Grievance Redressal- Periodic feedback from patients are to be taken on structured questionnaire. Result would be analyzed by the state government for further improvement of services and feedback to the service provider. Telephone numbers where patients can lodge their complaints will be displayed on MMU.

15. Applicable Law and Jurisdiction of Court:

The agreement shall be governed by and interpreted in accordance with the laws of India for the time being in force. The Court located at the place of issue of agreement shall have jurisdiction to decide any dispute arising out of in respect of the agreement. It is specifically agreed that no other Court shall have jurisdiction in the matter.

16. Penalty Clause

a) The total cost of tender would be the basis to calculate non operative cost per MMU per day. For all days when a certain number of MMU has not been functional, cost deducted would be: 
\[(\text{Cost per MMU per day}) \times (\text{Total Number of MMU non operative}) \times (\text{Number of days Non operative}) \text{ with 10% additional extra penalty}.\]
b) As per tender MMU Staff should be mentioned by bidder otherwise penalty will be applicable per day employ’s salaries deducted with 10% additional extra penalty.
c) GPS-GPRS device breakdown should be informed to state on same day otherwise a penalty of Rs 100/- per day per MMU will be applicable.
d) MMU report should be send dated 5th of every calendar month; otherwise penalty will be 1000/- per day per MMU will be applicable.
e) If the Bidder fails to deliver any or all of his responsibilities (duties) or fails to complete vehicle fabrication and fit the equipment within the stipulated period specified in the Bid document, the State Health Society shall penalize Rs.5,000/- per day.
f) Non repair of minor repair problem within 3 days otherwise a penalty of Rs. 500 per day.
g) Non repair of equipment within 3 days otherwise a penalty of Rs. 1,000/- per day.
h) Non availability of any medicine/consumable otherwise a penalty of Rs. 500/- per day.
17. INSURANCE

Service Provider shall maintain adequate general comprehensive liability insurance and insurance cover/s for his personnel's engaged in performing services under Mobile Medical Unit Service. Service Provider shall extend insurance cover on back to back basis i.e. as provided by the concerned insurance agency, and shall not be liable for any claim not covered by such an insurance policy. Upon Service Provider’s request, SHS/NMH, Maharashtra shall provide support to obtain such insurance covers.

Service providers shall extend insurance cover in the name of SHS/NHM, Maharashtra /Govt. of Maharashtra to all Mobile Medical Unit in fixtures and all medical equipment.

Note: The Commissioner Health Service & MD NHM, (NHM Procurement Cell), Mumbai also reserves the right to reject / award the contract to any vendor or cancel the entire Bid process without giving any reasons.

   7. Tube length 20 to 30 inches
   8. Epoxy fiber glass diaphragm is desirable
   9. Diaphragm diameter is an inch to 1 ½ inch
   10. An extra set of ear piece/ diaphragm and retainers should be provided.

4) BP Apparatus (Manual -Aneroid) with one adult and one pediatric cuff
   • Corrosion resistant shock proof body
   • Dial with contrast colors for easy reading
   • Range up to 300 mm of Hg
   • Should be supplied with Adult and pediatric cuffs
• BP cuff:
• Small adult
• Adult
• Pediatric cuff
• Thigh
• Velcro bag for the bladder
• Chrome plated metal/ stainless steel pressure control valve
• Bulb, tubing’s and bladder made of rubber

5) Clinical Thermometer (Digital)

1. Sleek design
2. Flexible tip
3. Washable
4. Centigrade and Fahrenheit Measurement option
5. Memory of the last event
6. Temperature range must include 32 to 42°C
7. Auto power off
8. Fever alarm (100°F)
9. Should include a storage case

6) Weighing Machine (Adult & Pediatric)

For Adult: Stand on, bathroom, mechanical, range 0-100kg in 500g divisions, portable OR Stand on, bathroom solar, range 0-150kg in 100g divisions, powered by long life lithium battery, portable

For Infants: Portable, spring, Salter, hanging type, capacity 25kg, markings 500g with 100g graduations supplied with trousers and slings
Spare: slings and trousers

7) Knee Hammer (For examination purpose)
Knee hammer with standard configuration for clinical assessment of CNS and reflexes/jerk examination.

8) Measuring Tape (normal- used by tailors)
1.5 meter ( 60 inch ) sewing tailor measuring ruler tape.

9) Vaccine Carrier.
Durable plastic box, preferably insulated with polyurethane foam (approx. 40mm thick), removable lid, with carrying handles and/or straps, and appropriate number of icepacks, storage capacity approx. 0.1-6l, cold life 24-72 hours, supplied with soft foam pad, approx. 3- 3.5cm thick with slits to hold vials

10) ENT & Eye Examination Kit
2.7v Otoscope Head with 3 reusable Aural Specula, 2.7v Ophthalmoscope Head, Duplay Nasal speculum, Bent Arm Throat Illuminator Light, Chrome Plated Tongue Depressor with Holder, Laryngeal Mirror 22mm Dia.,
Post Nasal Mirror 18mm, 2pc Spare Lamp. C size battery Handle

11) Vision charts for long and short vision and color blindness.
   Snellen chart with letters of alphabet (English as well as Gujarati) for the literate and E chart for the illiterate.
   Near Vision Chart
   Ishihara Chart (For testing color blindness.
   All in washable vinyl plastic card, marked both in feet and meters, approx. 28 x 54 cm. in size with eyelet on top for hanging up.

12) Portable Oxygen Cylinder with dial type flow meter (2 nos. in each vehicle)
   1. Made of Aluminum
   2. Dial type flow meter with regulator
   3. Minimum 350 liters of oxygen
   4. Water capacity of 2-3 L
   5. Height around 1 ½ foot
   6. Diameter not more than 4 ½ inches
   7. Sufficiently small to be carried in back pack (not more than 3 Kg)
   8. Should be able to withstand 139 bar

13) First Aid Kit
   - Alcohol or non alcohol antiseptic wipes
   - Band aids
   - Cotton Balls
   - Cotton Swabs
   - Iodine
   - Bandages
     - Sterile gauze pads
     - Sterile non-adherent pads, containing a non-stick Teflon layer
     - soap - used with water to clean superficial wounds once bleeding is stopped
     - Povidone iodine is an antiseptic in the form of liquid, swab stick, or towelette. Can be used in a weak dilution of clean water to prepare an irrigation solution for cleaning a wound.
     - Hydrogen peroxide is often included in home first aid kits, but is a poor choice for disinfecting wounds- it kills cells and delays healing
     - Burn gel - a water-based gel that acts as a cooling agent and often includes a mild anesthetic such as lidocaine and, sometimes, an antiseptic such as tea tree oil
     - Tincture of benzoin - often in the form of an individually sealed swabstick or ampule, protects the skin and aids the adhesion of adhesive bandages, such as moleskin, bandaids, or wound closure (‘butterfly’) strips. Benzoin swabsticks are very prone to leaking and making a mess when kept in portable first aid kits, ampules are a more
durable option. If swabsticks are used, it is advisable to keep them in a sealed zip lock bag.

- Dressings

14) Resuscitation Kit (Adult & Neonatal)
   Ambubags – 1 Adult, 1 Pediatric
   Laryngoscopes – 1 Adult, 1 Pediatric (with 3 blades each)
   Pocket mask
   Oxygen mask
   Face shield
   Oropharyngeal airway
   Endotracheal tubes

15) Haemoglobinometer
   Sahli’s graduated hemoglobin tube (marked in grams percent g% (2-24) and percentage % (10-140)
   Comparator with a brown glass standard. Opaque white glass is present at the back to provide uniform illumination.
   Sahli’s pipette or hemoglobin pipette (marked at 20µl or 0.02 ml). No bulb
   Stirrer: Thin glass rod

16) Microscope

- Binocular, with built-in (6V 10W halogen lamp or 6V 20W) light source, powered by mains electricity (220-240V), complete with – pair of 10X widefield eyepieces – pair of 7X or 8X eyepieces (for use with 100X oil immersion objective) – objectives 10X, 40X and 100X (oil) – precentred Abbe condenser, with iris Diaphragm and filter holder, adjustable for height – mechanical stage with slide holder, spring arm, and movement controls – condenser focus control – course and fine focusing and focus tension control – lamp brightness control – on and off switch – mirror (if required can screw into base for use with daylight) – dust covers cotton and polyethylene plastic

- Spare
- Bulbs
- Fuses
- Accessories
- Rubber bulb blower

17) Needle cutter & Destroyer
   Electric
   Power source 220-240 V AC (12 V DC is desirable)
   Burn/damage the needle & cut syringe tip
   Should not cause injuries
   The damaged needles should automatically collect in a container which can be transferred to sharps container without handling of the needles.
   Should be shock proof & made of ABS plastic or steel

Tender No: NHM-E-00/Mobile Medical Unit /2017-18
18) **Laptop**  
**Specification**  
Intel Core i5  
4GB RAM 500GB HDD  
17.3” diagonal display Windows 7  
Professional Business Series rugged laptops  

**Brand/Model Suggestion**  
HP Elite Book  
Acer E machines Laptop

19) **Printer** - HP Office Jet Model No. 2515 (Print, Fax, Xerox, Scanner)

20) **Public Address System**  
Routine public address announcements (voice paging) system  
Broadcasting pre-recorded STORED voice messages / Alarm Tones during emergency situations. These messages could be Safety / Security / Fire alarm messages or Evacuation instructions or public utility general messages  
Interface with External Visual Beacons (signaling devices) in high noisy areas

The system broadly comprises of:  
- System rack cabinet  
- Desk top Microphone access station (Access Units) with zone selection facility  
- Mixer amplifier, Power amplifier modules  
- Control panel – Page controller unit  
- Prerecorded–Stored Voice message (or audio Alarm tone) generator unit  
- Loudspeakers  
- External flashing beacons / Signaling devices interface

21) **LCD (SCREEN)**  
24 inch (60 cm) 1 LCD Screen/TV Unit, 1 Remote Controller, Battery (Size / Quantity): AAA / 2, 1 Power Cord (Built-in)

22) **Portable ECG Machine**  
- Convenient one touch Single Channel electrocardiogram that has crisp, easy to read traces.  
- Clearly labeled ECG recording including gain and speed information printed automatically on the paper.  
- Thermal Printer Based Automatic ECG. Single Channel with Automatic & Manual Mode. (Manual Mode for taking long lead.)
• Facility to Pause in-between and resume after re fixing the Electrode to maintain the continuity of report.
• Easy Paper Loading, Uses Normal Chemical Coated paper.
• Inbuilt Battery & Charger .Feather Touch Switches.

23) Fetal Doppler

• Probe Type: waterproof or not. Waterproof probes are used for water births.
• Probe Frequency: 2-MHz or 3-MHz probes. Most practitioners can find the heart rate with either probe. A 3-MHz probe is recommended to detect a heart rate in early pregnancy (8–10 weeks gestation). A 2-MHz probe is recommended for pregnant women who are overweight. Newer 5-MHz transvaginal probes aids in the detection of fetal heart tones (FHT) early in pregnancy (6–8 weeks) and for patients who have a retroverted uterus or throughout pregnancy for FHT detection for women who are obese.
• Heart Rate Display: some Dopplers automatically display the heart rate on a built-in LCD; for others the fetal heart rate must be counted and timed by the practitioner

24) Awning tent material
   5 meter Waterproof High tensile strength coated PVC Tarpaulin fabric For Awnig

25) Glucometer

• Size: The average size is now approximately the size of the palm of the hand, although hospital meters can be the size of a remote control. They are battery-powered.
• Display: The glucose value in mg/dl or mmol/l is displayed on a digital display.

26) Centrifuge

Capacity : 8 x 15 ml
Type of Head: Swing Out
Max. Speed(RPM): 3500 rpm

27) Foot suction Machine

• 304 Gr. Heavy SS Base.
• 2 X 1.0 Ltrs. Glass Jars
• Powder Coated Aluminum Components
• High Polish Aluminum Piston Pump
• Chrome Plated Carrying Handle
• Non-Collapsible PVC Tube
Appendix-K

Specifications for Fabrication of MMU on TATA Winger (stretched winger 3488mm wheelbase HR A/C Ambulance BS4)

Any damage observed in base vehicle during fabrication work needs to be get repaired by vendor through authorized dealer of vehicle manufacturers at his own risk and cost otherwise this repair amount will be deducted from their bills / outstanding and actual date of delivery of vehicle will be considered after this satisfactory repairs.

CONVERSION OF BASE VEHICLE INTO Mobile Medical Unit

Part A: Scope of Fabrication work:

1) Laminated ply wood cabinet for storage (Medicines, medical equipments, diagnostic equipment etc.). All wooden cabinets to be reinforced with aluminum/Mild Steel L shaped structure of around 3 inchesX 3 inches at inner side at a gap of 300 mm between reinforcements.

Storage 1: (Paramedics/compounders table cum storage)
   a. Material: Laminated, FR & Marine grade around 19mm plywood Of Greenlam plywood, Action TESA or Kit ply make.
   b. Dimensions (Illustrative): around L-1200 mm x W-550 mm x H-800 mm.
   c. RHS side of the Storage 1 to be developed as wooden cabinet of around L-600mm x D-550mm x H-1800 mm. The total wooden cabinet at RHS to be divided into 06 drawers and one cupboard with door.
   d. All the drawers are to be subdivided into 04 partitions at inner side with square boxes for storage of medicines.
   e. Location and placement :Adjacent to inner LH side of rear door, facing towards drivers cabin
   f. As per the Drawings provided.

Storage 2: Patient examination bed cum storage
   a. Material : Laminated at both sides , FR marine grade 19mm plywood
   b. Dimensions: around L-1800mm x W-550 mm x H-800 mm.
   c. The storage in available space under the examination bed should be done with maximum possible drawers and cabinet in laminated plywood.
   d. Location and placement: To be placed at inner right sidewall adjacent to rear right door with a gap of around 1800 mm from the rear right door.
   e. As per the Drawings provided

Storage 3: Lab testing equipment table cum storage
   a. Material : Laminated at both sides , FR marine grade 19 mm plywood
   b. Dimensions :around L-1050 mm x W-550 mm x H-800mm
c. Location and placement: Adjacent to Pilot seat at its backside. To be placed with Laminated ply wood partition between pilot and rear compartment.

**Storage equipments basic parameters**

- All the Sizes of the drawers should be in accordance to basic storage requirement and as specified in dimension.
- All the hardware like rails, channels, sliders, locks, catchers, hinges, handles should be of “Ebco” or “HETTICH” or South-co equivalent brand.
- The horizontal sides of plywood cabinets to be covered with appropriate size PVC strips of matching colour.
- All the drawers should be provided with locks of recommended brand to secure them against unintended opening during motion of the ambulance.

2. **Wash Basin**: Wall mounted Stainless Steel (SS) wash basin with SS water tap of Jaguar, Italia, make, or equivalent brand supplying water through Motorized Pump (12 V DC power operated, heavy duty) with foot operated control, to pump the water from the fresh water tank @ 2 Lt / minute. The wash basin to be mounted adjacent to the Storage-4 at the RHS sidewall front end. The gap between Storage-3 and wash basin should be minimum 900 mm.

3. **Fresh Water Tank and Drain Water Tank**: Both made of 3mm thick, food grade plastic, one for inlet water supply to the wash basin tap and the second to be mounted underneath the chassis for collection of waste water from wash basin. Each water tank should be of 20 ltrs capacity.

The waste water tank should be fitted with controlled drainage facility to drain the waste water as and when required.

The fresh water tank should be connected with DC water supply pump having capacity to deliver @ 02 liters per minute through the wash basin tap. This tank to be wall mounted underneath the wash basin.

Both the Tanks should be easily removable for any sort of Maintenance and Cleaning purpose.

4. **Seating space for MHU staff during movements-(with Seat belts)**
   i. The provision will be for two persons.
   ii. Made of powder coated MS foldable frame, wall mounted, should have capacity to bear 200 kg weight,
   iii. The seat to be placed on right side wall with MS support of 08 mm inside the FRP. The FRP Sidewall to be designed with dip for accommodating the foldable seat during movement and proper metal locking arrangements to be provisioned to hold the folded seat firmly without vibration, during movement.
   iv. **Dimensions** of the bench: around length = 1200mm, width =350mm, height =450mm from the floor when in opened condition.
   v. It should have two suitably placed waist locking belts.
   vi. Back rest and seat will be a combination of MS Plate and cushion foam. The foam will be of KURLON or sleep well make of 40 densities upholstered with non absorbent 06 MM, class A grade Rexene of grey color.

5. **Paramedics Foldable Seat in front of storage-1**:
   i) Dimensions: Square size, length and width will be around 400 mm, with same size back rest.
   ii) Powder coated MS pipes of 3/4 inch diameter & 1.5 mm wall thickness to be used.
   iii) It should have one waist locking belt.
iv) A minimum 70mm thick 40 or higher density foam cushion of KURL ON make, supported with 06 mm powder coated MS Plate on seat and back rest to be used.

i) And the same should be upholstered with non absorbent 06 MM, class A grade Rexene of black color.

ii) Suitable size dip in the FRP side wall in-front-of storage -1 with metal fixing bracket to be provisioned for accommodating the folded paramedic’s seat during movement.

6. Flooring

iii) The flooring should be of in 12mm marine / water proof ply with 1.3 mm anti skid vinyl carpet covering the complete rear compartment area.

iv) The joints are to be places under the storages near the side walls and the center corridor should be free of any visible joints.

7. (a) Interior Wall paneling work:

i. Complete interior paneling of the 02 sidewalls, both sides of the partition wall between patient cabin and driver cabin, roof (of both patient and driver cabin) & back door panels should made from Fire Retardant grade FRP sheets of minimum 03 mm thickness.

ii. Adequate provisioning to be made in the FRP Panels for open able glass sliding windows.

iii. The complete interior should be edgeless and suitable for easy cleaning / scientific fumigation / treatment of disinfectants. The panels must be suitably formed using the appropriate FRP processing technology so as to match to the contour of the vehicle and looks aesthetically pleasing.

iv. The panels for each of the surfaces should be produced as modular with minimum joints either along the length or the width of the panels to accommodate future repairs and maintenance works. The approval of client is required before execution of work regarding the paneling layouts. The quality of joint should be homogeneous to suit the hygiene requirements of MMU compartment; all the joints should be tool based for aesthetics.

v. The minimum thickness at any point of the panels should not be less than 3 mm. The ceiling, both the sidewalls, both sides of the partition wall should be produced in one single piece matching to the dimension of the patient compartment dimension of the ambulance.

vi. Between the interior conversion panels and the internal surface of the base vehicle body there should be adequate insulation of appropriate grade to have a good climatic control environment inside the vehicles.

vii. The joint of one panel to the other must be suitably engineered so that all the joints are functionally hygienic and protected from any ingress of liquids and any other medical secretions of any kind. The joints should be finished in such a way so that these appear aesthetically appealing.
viii. The panels should be molded keeping in view the aesthetic aspect for electrification and other fitments as per utility and layout of the patient compartment.

ix. There may be minor variations in the mentioned dimensions of various storage, seating and other fitments depending upon the actual space available in the rear compartment of base vehicle. In such cases, any deviations need to be processed under approval of NHM technical team.

x. The material specified for interior paneling is Fire Retardant grade FRP of white color.

b) All the Panels, Equipment’s & storages Mounted and Provision for Medical Equipment’s to be mounted shall have 6 mm thick Mild Steel (MS Fe 410) sheet reinforced behind the specified area as per the lay-out plan provided.
   i) The MS sheet should be MIG welded to the body of the Vehicle structure as per Automobile standards and be coated with Primer to avoid any rusting.

   c) A seamless appearance and finish is desirable to keep the ambulance bacteria free in services.

   d) General Criteria:
      i) Gap between the FRP internal Panels and the external vehicle body shell should be stuffed with (50mm thick) sandwich of PU foam and Thermocol sheets to provide perfect insulation and prevention of heat absorption.
      ii) Provision for placement of electrical switches / sockets/ fans/foldable seats to be made available with the FRP panels as per placement details and dimensions provided.
      iii) Provision for I.V hooks & holders 2 no. should be made on the ceiling just above the storage -3(Patient examination bed).
      iv) All the electrical cables are to be off minimum 0.4 mm dia ISI marked cables only. The switches and sockets are to be off Havells Crabtree make or equivalent brand. All the female sockets are to be of 05 pin 06 amps. All the electrical cabling are to be done outside the FRP side wall with appropriate PVC routing boxes for easy repair facility.

8. Head- racks and grab rails in the ceiling and near Rear Door:

   a. Head Racks:

      Dimension: approx. length = Appx 1220 – 1500 mm, Depth = 300 mm at bottom end 240 mm at ceiling, height = 250 – 300 mm.

      Location of mounting and material: To be mounted at LHS topcorner of sidewall and roof. Made in FRP (min 3mm thick) and required Powder coated MS reinforcement to be provided. Inner surface is to be pasted with soft heatlon sheet of 4mm thickness.

      The Head rack should have suitable closures to cover the opening which are easy/comfortable to operate and do not have any sharp edge at the openings.
b. **Grab Rails:**
   i. A 2600 mm long pipe of 30mm dia. made of stainless steel (SS) be placed as grab rail on the Ceiling with proper supports at four places;
   ii. A 600 mm long pipe of 30 mm dia, made of stainless steel to be placed through appropriate support of 06 mm thick MS plate and brackets at rear right end of rear cabin just near RHS entrance. The grab rail should have capacity to withstand pulling force of 200 kgs.

9. **Fire extinguisher mounting:**
   i. Mounting Provision for placement of 02 kg DCP extinguisher under the patient examination bed.

10. **Glass lamination:**
    i. The window glass near the patient examination bed is to be laminated with smoke colour film of Garware or equivalent brand make to prevent visibility from outside.

11. **Water Dispenser:**
    i. A water Dispenser of 10 Liters capacity is to be provided with appropriate fixing bracket at suitable area. The dispenser would be of single candle filter type of Pure-it, TATA Swatch, eureka Forbes or equivalent brand non electric type.

**Part B: Scope of Fabrication (Electrical) Work:**

1. **Inverter:**
   ii. True sine wave inverter,
   iii. The battery and inverter to be mounted/placed inside the driver's cabin with provision to be charged from external AC power.
   iv. The Inverter should be of M/s Luminous/reputed make.
   v. Inverter Capacity - 2000 VA,
   vi. Input Range - AC 130 v-260V / 24V,
   vii. Output Voltage – 220(+-)10% (regulated output from full charge battery voltage to low charged battery voltage).
   viii. It should bear an onsite warranty of Three Years.
   ix. All the electrical Wiring should be done in consultation with the Inverter Manufacturer’s recommendation, and should provide certification to prove this.
   x. Extra Battery for inverter of 150 Amp Hr should be fitted at below the examination bed.

2. **Internal lights, sockets, switches and other electrical equipments:**
   x. All internal lights will be LED configuration. Total 06 no. of LED lights AC/DC are to be fitted.
   xi. 04 LED lights are to be placed on rear cabin roof and two lights are to be placed on storage-4(Testing equipment table cum storage).
xii. Out of 04 roof lights, two must work with direct DC input from vehicle battery and rest two must work with AC supply of inverter.

xiii. Two LED lights on test equipment table must work with AC supply from inverter.

xiv. Separate switches to be provisioned for individual lights, fans, LED TV and individual sockets.

xv. AC input switch and socket combo to be provisioned near the LED TV fitment.

xvi. Three(03) AC switch & socket combos are to be provided on the test equipment table cum storage.(Storage-4)

xvii. One AC switch & socket combo to be provisioned on the side wall near the patient examination bed(Storage 3)

xviii. External inverter battery charging port with spring loaded lid is to be provisioned near the inverter placement are and it is to be ensured that the charging input can be connected when all the vehicle doors and windows are closed.

xix. One AC Mobile Charging Switch Socket combo assembly is to be provided in Pilot compartment near the dash board.

xx. All four AC 08 inch fans are to be placed/mounted at the following locations each one at each location;

   a) Just above the Storage-3(Patient examination bed)
   b) Just above the storage-2 (Doctors table cum storage)
   c) Just above the storage-1 (Paramedics table).
   d) Fust above the storage-4(Test equipment table)

3. **Electrical Wiring:**

xxi. *All The main Components like,*

   a) Each of Internal Lightings (LED Lights),
   b) Each of Equipments power Sockets.
   c) All four AC fans
   d) Inverter & its charging port

- Should have separate circuits, (Power drawn directly from source with proper cut off switch after Battery/Inverter) and a MCB of 05 amps (Havells or equivalent brand ) on it.
- A laminated copy of standard wiring diagram should be provided with each ambulance for reference.

4. **Electrical Safety Measures:**

xxii. A separate MCB to each of the (as mentioned above) circuits be given.

xxiii. There should be an Indicator mark on each MCB to identify the circuit configuration.

xxiv. There should not be any joints be given within the Circuit Wiring,

xxv. At any unavoidable wiring junction(s) the wires should be joined through Bakelite Connectors only,
xxvi. There should not be any loose wiring and loose joints;
xxvii. Other than vehicle wiring harnesses, all wires/harness used for should be of ISI marked cables and minimum 04 mm thickness.
xxviii. All the electrical accessories should carry ISI Mark and be approved by technical committee and should be of (ARAI/ISI) automobile standards.
xxix. All other unspecified Parts necessary for the Wiring should be of Automobile grade and/or ISI Certified.

12. Collapsible canopy: A collapsible canopy, manually operated, to be installed on the LHS external sidewall. The installation area should be just below the roof and under the roof water channel. The material specification for the collapsible canopy is as mention below;
   a) The frame of canopy will be of anodized aluminum bars.
   b) The canopy material will be of ferrai or equivalent brand fabric.
   c) The canopy and the material used to be presented to NHM technical team for pre-approval before installation. Decision of NHM will be considered final.
   d) The dimensions of the collapsible canopy 2100 mm x 1500 mm

13. External graphics: The external graphics will be a combination of 3M vinyl and radium material. Actual design and specifications will be shared later. The tenderer should quote the price for Radium Branding including Labor and all taxes. None of the radium stickers are to be pasted directly on vehicle body. All are to be pasted on vinyl base. Detailed drawing/samples will be furnished.

14. Digital Clock:
   i. A digital clock is to be provided in the patient compartment. It should have a minimum Letter (font) Size of 50 to have better visibility and mounted on partisan wall at appropriate place.
   The clock must be of Ajanta or Orpat or equivalent brand make.

15. Electrical equipment’s:
   i. All switches and sockets must be of Havells or equivalent brand make.
   ii. All cables must be of minimum 04mm diameter-of ISI marked
   iii. All fans must be of Remi or equivalent brand make
   iv. The inverter required is of Luminous make
   v. All MCBs must be of Havells or equivalent brand make
   vi. The LED lights must be from reputed brand and must carry 03 years onsite repair/replacement warranty.

16. Body Graphics:
   i. Ambulance to be supplied with exterior design / painting as per NHM design.
   All vinyl / reflective stickers/ films of LG, 3M or equivalent to be used.

17. Bar light and siren:
   High intensity 120-cm DC12V 64W Led warning light bar, Emergency lights with 100W speaker + 100W siren, waterproof
Vehicle Design
The **Annual** Turnover of M/s__________________________ for the past three years are given below and certified that the statement is true and correct.

SERVICE LEVEL AGREEMENT

Between

............... (State Health Society, Mumbai)

And

............... (Service Provider)

To maintain and operate Mobile Medical Units (MMU) to provide primary and selective secondary healthcare in identified regions.

Tender document is the part of service agreement.
Service Level Agreement

1. BACKGROUND

1.1 <THE State Health Society, Mumbai> hereinafter referred to as State Health Society, Mumbai desirous of outsourcing the services relating to operation of Mobile Medical Units in <name of the identified region> had invited tenders from eligible bidders vide TE No ________________ dated _____________. <Name of the Service Provider> having submitted his bid in response to the tender enquiry and having been found technically qualified as per the conditions in the same TE, has been awarded the agreement by the competent authority in the <The State Health Society, Mumbai>. <Name of the Service Provider> has also performed required obligations after the award of agreement was communicated to him.

1.2 Both <The State Health Society, Mumbai> and <Name of the Service Provider> hereinafter referred to as Service Provider hereby willingly enter into this agreement and agree to abide by all obligations enjoined on them by this agreement.

2. SERVICE AIMS

2.1 The primary obligation of the Service provider will be to Develop & operate the Mobile Medical Unit(s) to provide primary and selected secondary health care ensuring that such MMU:
   a. Is fully equipped with equipments listed in “Annexure I” of Service Agreement list;
   b. Is manned by adequate manpower resources as per the requirement enumerated in “Annexure III” of the Service agreement list.
   c. The MMUs are provided with necessary fuel for carrying on operations on regular basis

2.2 <The Service Provider> would make all efforts to keep the MMUs well stocked with drugs and consumables at all times. Supplies shall be made within 3 days of requisitions.

2.3 The Service Provider categorically states that if he avails of any loan for this project from any Banks, financial institutions, other agencies or individuals, he will not make the State Health Society a party in any manner in such transaction nor will use this agreement as a guarantee of any manner nor will use future revenue expected to him from this agreement to hypothecate.

3. SERVICE OBJECTIVES

3.1 The service provider will also provide the operational set such as power generator, fuel for the vehicles and all other requirements to keep the MMU vehicle in operational condition at all times.

3.2 It is explicitly stated that both the parties are committed to enhance the health and well-being of residents of the area covered by the Service Level Agreement by providing high quality service, innovation and development and to meet identified needs within the resources available to both the parties.

3.3 State Health Society, Mumbai have the right to add or change the any clause in agreement.
4. **SERVICE DESCRIPTION AND RESPONSIBILITIES**

**Out-patient services:**

4.1 The Mobile Medical Units will provide only out-patient services. These units will function as mobile clinics and are not meant to transport patients.

4.2 The Service provider shall follow the Service Plan/Route plan/Calendar for MMU as approved by the District Health Society and accordingly make the services of the MMU available at the desired spot on the appointed days.

4.3 The Service Provider shall provide primary and secondary health care as per the standard operating procedures approved by the Service procuring agency.

4.4 The Service provider hereby agrees that Mobile Medical Unit must always operate under the supervision of a qualified Medical Officer. The Service provider further agrees that at any time and under any circumstances, patient care would not be carried out by unauthorized personnel.

4.5 Service provider agrees that failure to adhere to the Service Plan/Route Plan/Calendar referred to Paragraph 4.2 above would constitute a variation in terms of Paragraph 12.1 of this Agreement and a default of an obligation in terms of Paragraph 15.2 of this Agreement.

4.6 **During the camp, the following minimum services will be delivered:**

Curative services
- Treatment of minor ailments, including skin diseases, minor surgical procedures/ dressing and suturing
- First aid and referral for animal / snake bite cases,
- Identification and referral of complicated cases requiring facility based management
- Early detection of TB, Malaria, Leprosy, etc. and other locally endemic communicable diseases and non-communicable diseases such as hypertension, diabetes, cataract cases, mental illness, tobacco related illnesses and injuries etc.

Reproductive & Child Health Services
- Ante-natal services e.g. injection tetanus toxoid, iron and folic acid tablets, basic laboratory tests such as hemoglobin, urine for sugar and albumin and referral for other tests as may be required;
- Identification and referral of complicated pregnancies (including conducting deliveries in exceptional cases);
- Post natal check up of women and children;
- Identification of unimmunized children and their vaccination for left/ missed doses and / or administration of Vitamin-A dose;
- Screening of children for identification of malnutrition and their counseling and referral (where needed); and
- Treatment of common childhood illness such as diarrhea, 'ARI/Pneumonia, complication of Measles etc.
Family Planning Services
• Counseling for spacing and permanent method
• Distribution of condoms, oral contraceptives and emergency contraceptives
• IUD insertion

Diagnostic services
• All tests which can be done such as hemoglobin, total and differential blood count (TLC/DLC), liver function test, blood sugar, VDRL etc.
• Urine examination for sugar albumin
• Smear for malaria and vaginal smear for trichomonas
• Sickle-cell test (at least solubility test)
• Promotion of menstrual hygiene among adolescent girls
• Promotion of use of bed nets
• Distribution of IEC Material on health including personal hygiene, proper nutrition, hazards of tobacco, diseases, PNDT Act, RT/STI, HIV/AIDS etc

Service Component:

4.7 The service at the MMU will be clinically led by a qualified M.B.B.S Female Medical Officer. Patients will have access to primary and selective clinical management by a qualified Medical Officer.

4.8 Ailments which shall not normally require further referral/specialist care will be treated at the MMU only. Patients will be treated and provided drugs free of cost. No charges of any kind will be recovered from the patients.

4.9 Scope of Work:

1. The successful bidder will provide 1 fully equipped Mobile Medical Unit as per MMU specification specified along with qualified driver and will be engaged in its operations and maintenance.
2. The successful bidder will endeavour to ensure 100% operational service ability of the MMU vehicle 6 days in a week.

A. MMU Vehicle provided by NHM Mumbai
1) Type of vehicle: TATA Winger
2) Model and Make: Tata Winger AC 4DL DICOR BS IV.

B. MMU vehicle Fabrication & Branding
1) Vehicle should be equipped (fabricated) with all basic requirements like lights, ventilation, etc. For detailed list of requirements, please see Appendix I & J.
2) The MMU vehicle will be branded.
3) Vehicle fabrication and branding will be approved by DD Transport Health Service Pune
C. **Upkeep Repair and Maintenances**

1) The successful bidder will carry out all types of minor and major repair arising out of periodical service needs or due to damage /wearing out of parts and accessories.
2) Ensure AC in the MMU is functional when the vehicle is in running condition.
3) Ensure that AC in the MMU is functional for at least 1 hour per day, when the vehicle is in standing position, as per the instruction and requirement of state health society.
4) Ensure the availability and serviceability of all equipment and accessories inside the MMU within reasonable time.
5) The successful bidder will do periodic maintenance services arising as per the manufacturer’s service manual with respect to the MMU vehicle and technical equipment placed inside the vehicle will be undertaken.
6) Check list for onsite technical inspection by the MMU vehicle driver and state health society Mumbai team for a monthly check as part of preventive maintenance, will be prepared and compliance of the same must be ensured.
7) All equipment placed inside the MMU vehicle will be properly secured to avoid any accidental injury and damage to staff or patients in stationary condition or during any movement.
8) All such repair, maintenance and periodic servicing will be carried out with prior intimation and approval of concerned authorities. Suitable approval register will be maintained.
9) Service Schedule must be prepared to ensure minimum down time. The bidder shall provide appropriate replacement for MMU vehicle for any such downtime event.
10) Bidder shall be responsible for general housekeeping & maintaining all systems including cleanliness of the vehicle and equipment’s.
11) If there are any accidental damages to the vehicle and equipment due to negligence of the driver / bidder’s staff, the cost of such repairs will be borne by the bidder.
12) MMU vehicle will be cleaned on a daily basis at the mutually agreed time. Deep cleaning of the vehicle will be carried once a week.
13) Ensure secured parking and garaging of the vehicle.

D. **Operation of MMU vehicle**

1) The bidder will deploy a proficient driver with knowledge and experience of MMU/ ambulance operation for undertaking driving and running maintenance of the vehicle.
2) Driver who is engaged must not be less than 20 years of age and must not be more than 60 years in age.
3) Driver should be medically fit and should have valid license for ambulance driving and should not have any pending case in court against him, certification to this effect must be provided by the bidder.
4) The driver so provided must be on the pay roll of the successful bidder.
5) Uniform is in the scope of bidder. It will be bidder’s responsibility to ensure that the driver on duty is in proper uniform.
6) Bidder will maintain appropriate logbook for breakdown hours and Kms running and get it duly signed.
7) Maintaining other required documentation.
8) Maintain Bio Medical waste management as per Protocol.
9) Driver to provide assistance to the project in mobilizing the crowd, and organizing community events etc.
E. **Compliance**

1) **Bidder will ensure all legal compliance with respect to the following:**
   
i. **Vehicle:** Monthly compliance as per as per prevailing Motor Vehicle Act

2) **All drivers tools for the vehicle will be the responsibility of the bidder.**

3) **All safety compliances as per government norms will be complied.**

**5. REFERRAL PROCESS & ELIGIBILITY**

5.1 **It will be the responsibility of <The District Health Society> to provide the Service provider an “information matrix” for nearest facilities including their capacity in terms of existing Laboratory services, diagnostic services, and human resources available.**

5.2 **It will be the responsibility of the Service Provider to keep the Medical Officer(s) in charge of the MMU informed of the information matrix. For services not available at the MMU, patients can be referred to nearest facility in accordance with the “information matrix”.**

5.3 **Both the parties hereby agree that no patient will be referred to any private medical establishment either formally or informally without specific prior approval of the <The District Health Society>.**

**6. INFORMATION AND REPORTING REQUIREMENTS**

6.1 **The Service provider shall ensure that information, records and documentation necessary to monitor the agreement are maintained and are available at all times to the <The State Health Society, Mumbai > or its authorised representative. The Service Provider hereby agrees that he and all his staff shall at all times co-operate with the reasonable processes of the Service procuring agency for the monitoring, evaluation and carrying out quality audit and financial audit by any third party authorised by <The State Health Society, Mumbai>.**

6.2 **The Service provider hereby agrees to maintain all relevant data and records of all patients treated at the MMU.**

6.3 **The Service provider further agrees to maintain confidentiality of these data and records and commits that such data and records will not be shared with any third party for any purpose.**

6.4 **The Service provider agrees to provide data to <State Health Society, Mumbai> as per attached Annexure II every month. Failure to do so may entail cancellation of the agreement.**

6.5 **The Service provider hereby agrees to maintain log book showing all movements of the MMU vehicle and keep record of consumption of POL. The log book should be maintained as per the format in vogue in any government office. Logbook shall be made available for verification by the any authority nominated by Service procuring agency.**

Tender No: NHM-E-00/Mobile Medical Unit /2017-18
6.6 The Service provider agrees that the MMU vehicles will not be used to advertise any product or organization including the Service provider’s own. The following text must appear on both sides of the MMU vehicle in reasonably big font-size to enable a normal sighted person to read it from a reasonable distance:

“Mobile Medical Unit
Run by
Agreement No <No of the Agreement>
Between <The State Health Society> and <Name of the Service Provider>”

6.7 The Service provider agrees to display copies of this agreement, list of medical equipment available with the MMU, stocks of drugs and consumables at prominent place in the MMU. The names of the Medical Officer and other personnel on duty must also be displayed during duty hours.

7. PERFORMANCE

7.1 An half yearly review meeting will be held on the State Health Society, Mumbai and attended by appropriate levels of officials of Service providers to consider the performance, the anticipated outcome of the agreement and future service developments and changes. Further meetings may be arranged at any time to consider significant variation in the terms or conduct of the agreement and where corrective action on either part is indicated.

7.2 Service Provider agree to consider introduction of any further service in line with any new initiative of the government or in response to local demand which could not be anticipated earlier.

7.3 Service Provider agree that such services should be provided without extra cost. However, if it is felt by both the parties that the additional services would require additional resources/manpower.

8. HEALTH AND SAFETY

8.1 The Service Provider agrees to adequately train, instruct and supervise staff to ensure as is reasonably practicable, the health and safety of all persons who may be affected by the services provided under the agreement.

8.3 The Service provider agrees that he would collect periodic feedback from the patients through structured questionnaire at his cost. The periodicity will not be less than once in six months. Responses to the questionnaire will be submitted in original to the Service procuring Agency Telephone numbers where patients can lodge their complaints to be displayed on MMU.

9. DATA PROTECTION, CONFIDENTIALITY AND RECORD KEEPING

9.1 All Service Users have a right to privacy and therefore all information and knowledge relating to them and their circumstances must be treated as confidential. The Service
Provider must advise all staff on the importance of maintaining confidentiality and implement procedures which ensure that Service User’s affairs are only discussed with relevant people and agencies.

9.2 The Service Provider shall comply with all legislations, which otherwise would have been applicable had the services been run directly by the Government agencies.

10. STAFFING

10.1 The Service provider will ensure that, at all times, it has sufficient suitably trained staff to ensure that services comply with all the statutory requirements and meet patient needs.

10.2 The Service provider agrees that he would ensure that a minimum complement of staff mentioned at “Annexure II” of this Agreement would be in position in each MMU.

10.3 The Service provider agrees that a record of qualifications shall be maintained by the provider and available for inspection.

10.4 The Service provider hereby expresses his commitment to training and staff development and the maintenance of professional knowledge and competence.

11. FINANCE ARRANGEMENTS

11.1 Both parties agree that the payment arrangements as quoted by the Service provider in his bid against the above mentioned tender enquiry and/or subsequent bid submitted by him as a result of negotiations shall be adhered to.

11.2 It is agreed that payments would be made monthly basis. To facilitate this, the Service provider will submit invoices with all documents in support of his claims on every of the month. On the basis of such invoices, the State Health Society transfers the amount electronically to the Service provider’s bank account after verification of documents.

11.3 The State Health Society as per existing rules of the government will have the right to examine the invoices as required under relevant rules. If such examination reveals any extra payment already provisionally made, the extra amount will be adjusted from the next payment due to the Service provider under intimation to him.

11.4 In case the last day of the month is holiday as a result of which invoices cannot be submitted The State Health Society agrees to make payment of an equivalent amount of the last invoice submitted. Additional amount paid if any on the basis of actual invoices submitted later and examination thereof will be adjusted from subsequent payments under intimation to the Service provider.

11.5 The Service provider hereby agrees to maintain all required books of accounts and agrees to provide them to such audit as may be required to be carried out.
11.6 The Service provider hereby agrees that The State Health Society will deduct from all payments such amount of statutory taxes and duties as he is required to deduct under provisions of law. The amount would be deducted if the MMU becomes non operative as mentioned and calculated.

11.7 It is compulsory that Mobile Medical Unit staff salary should transfer through online banking from Service Provider. Service Provider should provide details financial documents regarding staff salary on monthly basis.

12. VARIATION

12.1 This Service Level Agreement may not be varied unless a variation is agreed in writing and signed by all parties.

13. DISPUTES

13.1 The agreement shall be governed by and interpreted in accordance with the laws of India for the time being in force. The Court located at the place of issue of agreement shall have jurisdiction to decide any dispute arising out of in respect of the agreement. It is specifically agreed that no other Court shall have jurisdiction in the matter.

13.2 Both parties agree to make their best efforts to resolve any dispute between them by mutual consultations.

14. ARBITRATION

18. 14.1 If dispute or difference of any kind shall arise between the State Health Society, Mumbai and the firm/contractor in connection with or relating to the agreement, the parties shall make every effort to resolve the same amicably by mutual consultations.

19. If the parties fail to resolve their dispute or difference by such mutual consultations within thirty days of commencement of consultations, then either the State Health Society, Mumbai or the firm/contractor may give notice to the other party of its intention to commence arbitration, as hereinafter provided. The applicable arbitration procedure will be as per the Arbitration and Conciliation Act, 1996 of India. In that event, the dispute or difference shall be referred to the sole arbitration of an officer to be appointed by the < The Commissioner, Health Service & MD NHM, (NHM Procurement Cell), Mumbai > as the arbitrator. If the arbitrator to whom the matter is initially referred is transferred or vacates his office or is unable to act for any reason, he / she shall be replaced by another person appointed by < The Commissioner, Health Service & MD NHM, (NHM Procurement Cell), Mumbai > to act as Arbitrator.

20. Work under the agreement shall, not with-standing the existence of any such dispute or difference, continue during arbitration proceedings and no payment due or payable...
by the State Health Society, Mumbai or the firm / contractor shall be withheld on account of such proceedings unless such payments are the direct subject of the arbitration.

21. Reference to arbitration shall be a condition precedent to any other action at law.

22. Venue of Arbitration: The venue of arbitration shall be the place from where the agreement has been issued.

15. TERMINATION

15.1 If the Service procuring agency terminates the agreement and then makes other arrangements for the provision of the Services, it shall be entitled to recover from the Service provider any loss that had to be incurred due to such sudden termination of agreement.

15.2 Both the parties agree that no further payment would be made to the Service provider, even if due till settlement of anticipated loss as a result of premature termination of the agreement.

15.3 The State Health Society, Mumbai reserves the right to terminate the agreement without assigning any reason if services of the MMU create serious adverse publicity in media and prima facie evidence emerges showing negligence of the Service provider.

The State Health Society, Mumbai may terminate the agreement, if the successful Bidder withdraws its Bid after its acceptance or fails to submit the required Performance Securities for the initial agreement and or fails to fulfill any other contractual obligations. The earnest money and the performance security deposited by the defaulter shall also be recovered to pay the balance amount of extra expenditure incurred by the State Health Society, Mumbai.

After completion of the tenure of Bid, the Service provider will be allowed to vacate the space within a period of 15 days, in all the facilities where provider was providing the services.

The Commissioner, Health Service & MD NHM, (NHM Procurement Cell), Mumbai may, without prejudice to any other remedy for breach of contract, by written notice of default sent to the service provider, terminate the contract in whole or part:

• If the service provider fails to deliver any or all of the services within the period specified in the contract.

• If the service provider, in the judgment of the State Health Society has engaged in corrupt or fraudulent practices in competing for or in executing the contract.
The period of contract will be three year from the date of work order. Purchaser will review service provider services every one year. If the service provider does not provide services satisfactorily as per the requirements of the Purchaser or / and as per the Schedule of requirements, this Contract may be terminated.

16. **Indemnity**

16.1 By this agreement, the Service provider indemnifies the Service procuring agency against damages of any kind or for any mishap/injury/accident caused to any personnel/property of the Service provider while performing duty.

16.2 The Service provider agrees that all liabilities, legal or monetary, arising in any eventuality shall be borne by the Service provider.

17. **PERIOD OF AGREEMENT**

17.1 This Service Level Agreement shall take effect on ……..until ……….. . The period may be extended for another period of one year with the agreement of both parties after mutual negotiations.
